

Digital Clinical Experiences™

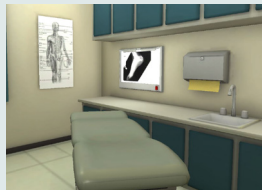

Substitute up to 50% of traditional clinical experiences¹

Shadow Health's Digital Clinical Experiences™ provide a safe, easy-to-access, virtual environment where students can perform assessments, practice documentation, and demonstrate clinical reasoning.

Designed for your curriculum:

Adv. Health Assessment

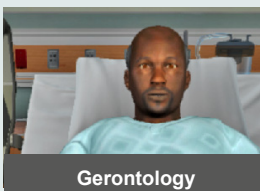

Adv. Pharmacology

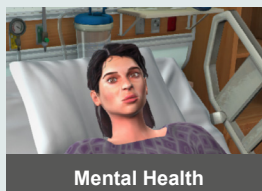

Health Assessment

Pharmacology

Gerontology

Mental Health

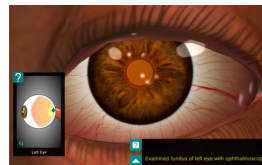

Natural Language Conversation Engine

Powered by your voice

- Free-form, autonomous conversations
- Digital Standardized Patients™ who understand over 300,000 unique questions

Detailed Physical Examination

- Medically-accurate sounds, graphics, and animations
- In-depth feedback on multiple dimensions of each assessment

Student Performance Index™

Proficiency Level: Proficient

- A valid and reliable measurement of clinical reasoning, including level of proficiency
- Measures four discrete components of each student's clinical reasoning abilities

¹Hayden, J. K., Smiley, R. A., Alexander, M., Kardong-Edgren, S., & Jeffries, P. R. (2014). The NCSBN national simulation study: A longitudinal, randomised, controlled study replacing clinical hours with simulation in prelicensure nursing education. *Journal of Nursing Regulation*, 5(2), S4-S41.
