

**YOU'RE INVITED:**

# **Embedding Healthcare Quality Competencies into Nursing Academic Programs**

**October 27, 2020 | 2–3 pm CT**

*Quality and patient safety matter as much on the front lines as within the administrative functions of healthcare organizations. Join this informational webinar with leaders from the QSEN Institute and the National Association for Healthcare Quality (NAHQ) as they discuss how to infuse industry standards into your RN, BSN, MSN, DNP and related nursing programs.*

## **Distinguished Speakers**

**Mary Dolanksy, PhD RN FAAN**

Director  
QSEN Institute

**Stephanie Mercado, CAE CPHQ**

CEO and Executive Director  
NAHQ

---

“When coupled with QSEN’s competencies, NAHQ’s twice-validated, industry-standard Healthcare Quality Competency Framework helps support both students and practicing healthcare professionals to provide high quality patient care. Together, NAHQ and QSEN are able to provide a lifelong resource for the next generation of nurses.”
